ONTARIO TAKES GAME FROM PAYETTE TEAM

Locals Out Play Apple Pickers In Every Department of Gridiron Game—Fumble Responsible For Payette's Touchdown.

Outplaying their opponents in every department of the game, the Ontario High football team defeated Payette here last Saturday in their annual clash by a score of 26 to 9.

As in the case of the Vale game, the score does not furnish a real idea of the superiority shown by the locals whose one glaring weakness in all the games, fumbling, cost them at least two additional touchdowns, and was also responsible for the one touchdown which Payette registered.

This Payette touchdown was the sparkling event of the game, for Wishert, the speedy little Payette end, recovered the fumble on his own three yard line and sprinted the entire length of the field across the Ontario goal.

Back Field Improving

While it still has far to go to be an efficient organization the back field worked better Saturday than in any game this year. There was less fumbling, and a vast improvement in running back punts. Biggs playing safety retrieved honor for himself by returning punts nearly 100 yards, while Poorman on one occasion got the ball and came back 20 yards.

Ontario's first touchdown was a fluke play, and while allowed, was a lucky break for the locals. It happened after 11 minutes of play in the first quarter. Ontario after making three first downs and carrying the ball to the Payette 19 yard line lost it on an intercepted pass. Payette failed to get started in carrying the ball and had to punt to the middle of the field, where Ontario again started down the field but was held in check. Poorman then kicked and McCright recovered the ball when the Payette safety missed it and ran 15 yards for a touchdown. Payette claimed that their safety did not touch the ball but Empire Culbertson ruled that he did, so the touchdown which McCright made was allowed. Sullivan failed to kick goal.

Ontario kicked off and Payette failed to gain when in quick succession, Clement, Maddux and Dunton each spilled a play behind the Payette line, when Payette kicked Biggs made a pretty return and put the ball in play on the 50 yard line. Three first downs in a row were then scored on seven plays, including a 30 yard pass to McCright and Weaver's 12 yard run. Shea who had replaced Sullivan then carried the ball to the one yard line where Payette held and got the ball on downs. Payette kicked from behind the goal line and Ontario was penalized 15 yards for holding which was soon recovered by a 10 yard forward pass to Shea, Weaver's 12 yard run, Sanford's 8 and Maddux 8 and McCright's six. With the ball on the four yard line, big Maddux crashed his way through the left side of the Payette line for the third touchdown. Shea kicked the goal.

During the play Ontario completed 8 and failed in 11 forward passes. Ontario returned punts 120 yards to Payette's 55; Payette completed 2 passes and missed 5. Ontario fumbled 6 times to Payette's 3; Ontario recovered one kick off and one punt, Payette did neither. Ontario made a total yardage of 311 yards to Payette's 29.

The line up of the teams was:

GOODING BUSINESS MEN BACK MOVEMENT TO BUY DAIRY COWS

Capitalized at \$10,000 subscribed by business men of Gooding, the Gooding Cattle & Loan Company has been incorporated. The purpose of this company as outlined by Attorney H. A. Padgham of Gooding in today's Statesman is that of purchasing dairy cows to be sold to the ranchers about Gooding. The company plans on borrowing a sum equal to the amount of its capital. The stock subscribed according to Mr. Padgham varied from \$100 to \$500. "Thus it is proposed to furnish a market for the alfalfa hay and help business generally said Mr. Padgham, in the Statesman.

If Prineville and Gooding can do this why cannot Ontario? Why?

MRS. GLEN MUSTARD IS INJURED BY AUTO

Husband and Baby Escape Injury When Entire Family Is Struck By Light Truck On Pavement In Front of Their Home

Mr. and Mrs. Glen Mustard and their little baby all were struck last Friday evening by a light truck driven by A. W. Creger, who lives on the Fruitland bench directly east of Ontario, about a mile from the end of the bridge. Mr. Mustard and the baby escaped injury while Mrs. Mustard who was thrown to the pavement has been confined to her home since that time. The exact nature of her injury has not been determined.

The accident occurred about 6:30 p. m. almost directly in front of the Mustard home which is a quarter of a mile east of the city limits on the north side of the pavement leading to the Snake river bridge.

According to Mr. Creger's statement he did not see the Mustard family for the lights on his car were dim and he was blinded by the lights of a car going west, while he was driving eastward. Mr. Mustard declares that he heard the car approaching and went to the side of the road, he was walking and pushing the baby buggy at the time. He was with the first on hit, and was thrown with the buggy against Mrs. Mustard who fell in such a manner that the car passed over her body.

Creger stopped, and Mr. Mustard, after taking his wife and baby home, brought Creger back to the city and called Marshal H. C. Farmer and lodged a complaint for reckless driving. Creger was released on his own recognizance, and with his father appeared before Judge Stearns Saturday morning. His case was continued until Saturday morning of this week pending a determination of Mrs. Mustard's injury.

Local Institutions Merged in Laundry and Dry Cleaning Works—Equipment Will Be Added To Dry Cleaning Department

R. W. Jones this week took possession of the Ontario Modern Pressary and combined that institution with the Ontario Laundry which he has operated since 1910. Fischer of Weiser who owned the Pressary for the past two months selling it to Mr. Jones.

Mr. Jones has moved his downtown office to the Pressary and is preparing to increase the dry cleaning equipment so that Ontario will have a thoroughly modern establishment of that type, as well as a thoroughly modern laundry. Since these industries are in many ways so closely related Mr. Jones is preparing to give his clients the advantage of this new organization. Aubrey Howard who has been in charge of the pressary during the past will remain in charge of that department.

"VAUDEVILLE" SHOW STAGED BY LIGHT OF PALE MOON

The Ontario Girls' Club met at the home of Mrs. W. L. Turner Tuesday evening, with a membership of nearly forty girls.

The evening was very pleasantly spent, the entertainment committee presenting as the event of the evening, a vaudeville show, which was staged in the barn to the light of lanterns and the moon. A selection from Shakespeare was very ably presented. The Orchestra was a very pleasing part of the program, and the snake dancer and trapeze performers added to the fun.

After the program dainty refreshments were served.

The next meeting will be held at the home of Mrs. A. S. Brown, Tuesday, October 25th.

The remains of F. Reed, accompanied by his brother Ford C. Reed, passed through Ontario Wednesday of last week from Pendleton to Brogan where they were interred in the Brogan cemetery.

Wife Deserter Plays Hide and Seek With Marshal; Breaks Out and In Jail

Pete Small, of Westfall invented a new game; one that Ontario officers never had played on them. Pete, who was picked up on the streets of Ontario Monday by Marshal Farmer at the request of Sheriff Lee Noe, broke out of jail, and then broke in again. The last part was the novelty section of Pete's game.

It seems that Pete, whose wife wanted him, found the old hole in the roof of the jail which was made by a jail breaker last spring, and he induced Harold Plant who was with him at the city reception room to use it. They did. But Plant went up town, and there he met the Marshal and related how Small broke jail and made him do likewise. So Marshal Farmer made a search of the jail early in the evening, and found Small missing,

DAIRY SPECIALIST TO GIVE DEMONSTRATION

The demonstration at Kingman Colony will be held at the Conrad Martin ranch, at Ontario at the C. E. Secoy ranch, just west of town, and on Dead Ox Flat at the A. A. Gutteridge ranch. Wife Deserter Plays Hide and Seek With Marshal; Breaks Out and In Jail

and the hole in the roof propped open. Later Night Marshal Gordon making his rounds found Small in the jail and Plant gone so he called Mr. Farmer and told him. Plant was gone, and was surprised to be told by Mr. Farmer that Small was too. But Small was not—at that time—for Mr. Gordon had just come from the jail where he saw Small. That surprised Mr. Farmer, who immediately came down to see. He found that Small had returned by the same way he left, and in returning had taken the prop from the hole in the roof. Small did not, when faced with the evidence, deny that he had taken a vacation and changed his mind.

Small went to Vale Tuesday with Sheriff Lee Noe and settled his troubles, somehow. At least he was back in Ontario Wednesday.

ONTARIO HIGH SCHOOL WEEKLY NEWS BUDGET

Written and Edited by the News Writing Class of The English Department

The commercial department has just received four new typewriting tables for the extra machines necessary to accommodate the large number of students taking typing this year. Some new blackboard has also been put up in the typewriting room which will be a material aid in class instruction.

Each student in the commercial geography class has been assigned a subject on which he is to prepare a term paper. The chief purposes of this work are: (1) to familiarize the students with various sources of information, such as bulletins from the U. S. Department of Agriculture, U. S. Forest Service offices, helps from different agricultural colleges, beside books and periodicals in the school and county libraries; (2) to afford the student an opportunity to develop rather than merely to commit facts from his text, and (3) to impress the importance of correlating English work with other phases of education. The final copies of these papers will not be due until near the end of the first semester. At that time they will be graded on general make-up, material contained, and interest manifested. This work will constitute one-third of the semester's grade for this course.

Miss Bertha Davis, State Supervisor of Home Economics, whose headquarters are at Corvallis, was here over the week-end. She is delighted with the progress being made in Vocational Home Economics, especially in the plans being carried forward in the practice house. The papering and inside decoration of the practice house have just been completed and this week the girls taking the course have been occupied in making draperies for the windows and applying a stencil in colors to the furniture.

The boys' glee club and the girls' chorus are preparing numbers to be sung before the public soon.

Last Friday the boys' glee club organized and elected the following officers: President, Carl Louhrs; Vice President, Guy Secoy; Sec. and Treas., Paul Peterson.

The teachers have all returned from the Malheur County Teachers' Institute and are venting their enthusiasm on the pupils. They were very proud of Ontario as represented on the program by Superintendent McDonald, Mrs. Lee and Miss Eastman. Mr. McDonald was elected president of the Malheur County Teachers' Association for the coming year, and Mrs. E. B. Conkils, secretary treasurer. Mr. Boucher was elected delegate to the state convention. An invitation was extended and accepted and the insti-

tute will be held in Ontario next year.

Lawrence Rowe has registered in the Senior class for the coming year.

Quite a number witnessed the practice game here between Nyasa and Ontario last Friday.

A steak fry was planned by the members of the Sigma Club for Friday evening, October 14, but on account of the rain it was changed to a candy pull at the Cochran residence. According to Sigma custom a very enjoyable time was spent by all and several pounds of candy were disposed of.

The copies of the Junior play arrived last Monday and the cast has begun practicing already.

Miss Frances Folger, a junior of the High School, registered last Monday for the school year.

Last Monday evening a meeting was held at the High School to organize night classes in shorthand and typewriting for town people. Typing will be given from 7:00 to 8:00 followed by shorthand from 8:00 to 9:00 every Monday, Wednesday and Friday evenings. Nine have enrolled so far and more are expected at the first meeting of the class. There seems to be a demand for a class in Commercial Law and also in Writing.

E. E. Elliott, State director of vocational education, spent Thursday and Friday in Ontario on his annual tour of inspection. He expressed himself as well pleased with the Smith-Hughes work in our high school. Mr. Elliott approved the plan of organizing night classes under the Smith-Hughes Law. Ontario is one of three high schools in Oregon offering courses in both agriculture and home economics under this law.

Friday afternoon the Nyasa team came to Ontario to have a practice game with our boys.

The Ontario schools have recently purchased a lantern and six hundred selected slides which are to be used in visual instruction, primarily in history and geography. These slides will be added to from year to year and different sets of slides may be borrowed from the University of Oregon and O. A. C.

WOLF AND COYOTES GIVING ISLAND RANCHERS TROUBLE

Six coyotes and one grey wolf are reported to be living on Morton Island and getting their meals from the chicken coops of the ranchers. While there is no doubt concerning the presence of the coyotes, several of the hunters of the region are skeptical on the matter of the grey wolf for it has been years since one of his species has been seen in this section. Of course it is possible that one has found his way to the island and is using the coyotes as out-runners for his depredations. The Islanders and a number of Ontario hunters are planning on a drive for the marauders.

Charles Adams Comes From Weiser Seeking His Brother and Learns He Is In Hospital But Arrives Too Late to See Him Alive

When he arrived at the institution he found that his brother had passed away an hour before his arrival. Funeral services were held here Tuesday from the Allen Undertaking parlors. BOISE HIGH FIGURES ON LOCALS FUMBLING

Idaho Capital City Palyers Expect To Profit By Misplays of Locals—Press Story Says Ontario Has Three Two-hundred Pounders

Ontario High's football team plays its crucial game here Saturday when Coach John T. Hughes' proteges face Coach Keane's burly warriors from Boise. Boise, by the way, is looking forward to the championship of the intermountain country and expects to profit by Ontario's fumbling.

In the Boise Statesman of Wednesday, "fumbling Ontario" was the characterization used to describe the local aggregation and while that appellation has been justified by past performances yet Boise may be surprised, for the locals have felt the ignominy of their butter-fingers and are working hard to make them stick to the ball. They still have some distance to go, however.

One of the features of the game that will be interesting to local students of the game will be the tussle between Captain Quinn of Boise, the all star tackle of last year, and Montie Dunton, Ontario's right tackle. Local adherents are banking on Dunton giving the Boise man a real battle, and if Quinn is an all-star then Dunton will have to prove himself one too. Dunton's local friends think he can do that also if he gets into the game as he did in the last half of the Payette struggle.

DISORDERLY CONDUCT AND CARELESS DRIVING REMOVED

Judge Test at a hearing this morning committed William Kater, to the state hospital at Pendleton. Following his hearing the Judge with County Coroner Dr. R. O. Payne, left for Vale to hold a similar hearing.

MAJESTIC THEATRE TO STAGE BABY POPULARITY CONTEST

As it is impossible at this early date to know just when the local motion picture of Ontario will be returned from the studio, announcement of opening date of baby contest will have to be deferred until later. As soon as date of return of picture is received from the studio an announcement will be made on the screen at the Majestic Theatre. Watch for it.

The contest will run for a period of ten days at least. Coupon tickets will be sold at the box office. Adult coupons will be ten votes. Child coupons will be five votes. First prize will be a ten dollar bank account; second, half dozen of Seligman's \$20 per dozen photographs; third, a babies' gold ring; fourth, a babies' locket. NO STRIKE ORDERS RECEIVED BY RAILROAD MEN HERE YET

Railroad men in Ontario, and there are nearly 40 of them, working in the local offices and yards, or running out of here; have, as yet, received no orders to go on strike October 30. Many of the men, members of the big five brotherhoods here profess the belief that there will be no strike, although they admit that they have no definite information to sustain that faith.

Mrs. Helen Clement is visiting with her son, H. B. Clement and family in Baker.
